

PDMI

Checklist for D.0. Testing

PDMI is not requiring certification for D.0, however strongly urge all parties to do so. PDMI is offering a testing utility application for all pharmacies and/or software vendors to test with at their discretion.

1. Please download the test scenarios and payer sheet
2. Contact your switch to inquire how to connect to the PDMI Test Environment. PDMI has confirmed connectivity with Relay Health and Emdeon.
3. Contact PDMI with NPI/NCPDP numbers with your wish to test with. If you do not have an NPI/NCPDP number please communicate at the scheduling for testing time and PDMI will assign a test NPI for you.
4. The test system will be available from 9:00 a.m. to 12:00 p.m. and 1:00 p.m. to 4:00 p.m., Eastern Time. You will need to schedule a testing time by calling the **NCPDP Team at 1-800-800-7364 ext. 5412.**
5. During your scheduled Pharmacy testing time, all submitted test claims to PDMI will need to use **BIN 610020**. For submission of your Service Provider ID, please use 01 qualifier for the NPI.
6. Screen-print all claim responses and e-mail them to PDMI NCPDP Team at ncpdp@pdmi.com.
7. For additional questions, e-mail the PDMI NCPDP Team at ncpdp@pdmi.com.

Test Claims

1. Test cardholder id and patient information is provided on the test claim sheet.
2. Claims should be payable unless otherwise stated.
3. Billing requests and reversals transactions only (B1 and B2).

4. There will be no editing of the data contained in the segments that are not required in the Payer Sheets and no processing against the data. If these segments are sent, the claims will not be rejected. The data will be captured and stored.
5. Be sure to reverse all the claims once completed.
